## MD. POINTS OF INTEREST [CON'T.]

**The National Road** Built under President Thomas Jefferson to provide access to the west. Cumberland became the Gateway to the West. At that time, Cumberland was also the western terminus for the C & O Canal and the western end of the B & O Railroad. Today Cumberland is again the Gateway City, this time as the southern terminus to the

Appalachian Thru-way, following the Valley Route (U.S. 220) of the Central Appalachians to Cortland, New York.

**The Narrows & Lover's Leap** The Cumberland Narrows, a spectacular break in the Allegheny Mtn. (part of the greater Appalachian Mtn. region) with vertical rocky walk which rise more than 800 ft. above Wills Creek, U.S. 40 and the main line of the B & O Railroad. Legendary tales of Lovers Leap describe an Indian princess and an English settler who jumped to their deaths and an Indian Chief who also committed suicide here. It is possible during daylight hours to drive to the top of the eastern wall for a spectacular view of Cumberland and the Narrows.

**George Washington's Headquarters** The only remaining structure left of Fort Cumberland, circa 1755. Washington's military career began here as an aid-de-camp to Gen. Braddock. During the French & Indian War, Gen. Washington used this cabin as his official headquarters. His military career also ended here in 1794 when he

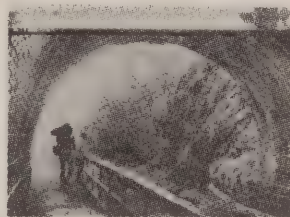

reviewed American troops in full uniform for the last time following the Whiskey Rebellion. Located in Riverside Park, Greene St., in Cumberland. Though the cabin is not open, a window, offering a clear view of the entire interior, has been provided, along with an explanatory tape recording which visitors can start with a push of a button.

**History House** located at 218 Washington Street in Cumberland's Historic District, headquarters for Allegany County historical society. This 18 room brick town house with a 3 room stable contains hundreds of items of local and national significance. A library, music room, dining room, and a reconstructed school-room make up the 1st floor. On the 2nd floor are items of transportation, medical displays, collections of dolls, a costume room, an early bathroom and two authentically furnished bedrooms. The 3rd floor has a replica of old Fort Cumberland and other displays. Open Sun. 1:30-4:30 p.m. May thru Oct. Adults 50 cents, and 25 cents for student over 12.

**C & O. Canal** 47 miles of the 184½ mi. of the Canal are within the boundaries of Allegany County. 19 locks and lockhouses, 4 stone aqueducts and the Paw Paw Tunnel remain. The tunnel, a major engineering achievement, is 3,080 feet in length through solid rock and was built to avoid a 6

mi. bend in the Potomac River.
